Site Notes:

- There is a single entrance to the grandstands at the south end, and you can only enter between band performances, so plan to be in the stands for at least a couple bands before Prospect to make sure you don't miss the PMK performance! There are always lots of great bands to watch, so plan to arrive early and enjoy as many as you can.
- A concession stand and bathrooms are available just south of the grandstand. This is a Lake Park Band fundraiser, so consider buying a program & some food to help support a fellow band.
- The stands have decent space for stadium chairs or cushions if you want to bring them.
- Wear your PMK gear and look for other band boosters. It's fun to sit and cheer together.
- The main grandstand faces east, so no staring into the sun during the competition 😊.
