

Raise Right Gift Card Program

How to sign up and start earning funds for your student's account while you shop or dine!

Before you begin, there is a waiver that gives permission for us to give your gift cards to another adult family member or friend on pick-up day. The above waiver will need to be signed and emailed to us at pmkscrip@gmail.com. When we receive the waiver, we will email you the PMK registration code so you can go online at raiserright.com and register your family.

After receiving the registration code for the PMK scrip program, visit raiserright.com/enroll.

- Select "Join a Program"
- Enter the enrollment code
- Complete the fields to create your account
- Enter and verify your phone number for 2-step verification

Set up payment:

Pay with a **Bank Account**:

○ This convenient payment option uses a secure ACH payment system. Previously called PrestoPay, this option electronically debits funds from your family's checking or savings account. You can place your order online and promptly pay for your purchase. Each order charges a \$0.29 fee to your account.

To Sign Up For **Payment with a Bank Account**: Simply log on to your Raise Right account and follow these steps:

- From your account page, choose Settings>Payment Options>Add Bank Account
- Follow the steps to automatically link your bank account
- There is a \$.29 fee on each transaction

To pay with a **Credit Card**:

- Visa, Mastercard, and Discover accepted
- Option to save your credit card at checkout for future purchases
- There is a 2.6% fee on each transaction

Now that you are registered and have set up your payment method, you are ready to place your first order. Please look for PMK Scrip emails announcing the next sale. If you are ordering eCards, you can place your order any time and use the eCard immediately. Physical gift cards are distributed on a regular basis, as noted in the PMK Scrip emails. You can also order physical cards and have them delivered to your house at any time - please note a separate delivery fee applies.

Each announcement will give the following information:

- Last day and time to place online orders for delivery at PBB Meeting.
- Delivery date and time.

The Band Boosters will deposit your portion of the rebate into your child's band account once a month, approximately the 2nd week of the month.

Please send all questions to pmkscrip@gmail.com

Thank you!!
